Forecast For West Midlands
Issued by Met Office Exeter
at 1600 on Wednesday 27 Jan 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Rain to arrive during the evening and persisting overnight.

This Evening and Tonight:
Mostly dry at first, before an area of rain spreads across the region during the evening, heavy in some areas and persisting through the night. Winds strengthening but remaining mild. Minimum temperature 6 deg C (43 deg F).

Thursday:
The morning will see some brief spells of rain but largely dry otherwise with some sunny intervals in the afternoon. Further rain expected in the evening. Feeling mild. Maximum temperature 12 deg C (54 deg F).

Outlook for Friday to Sunday:
Wet start on Friday but turning drier. Possible rain on Saturday in the south but dry elsewhere. A dry, but frosty start to Sunday, but possible rain and snow later.
